About Us
Pregnant couples need 360 holistic care and thus giving them all the important informations through this event and making the pregnancy journey beautiful
The event is India's exclusive health pageant for expectant mothers. It emphasises incorporating wellness and educational activities into pregnancy and infant care. These activities range from sustainability teachings and cooking classes to spiritual well-being and free medical screenings. The event also offers personality development workshops and moms' makeover planning. Its primary objective is to educate parents about
